

## MIRABAUD - GLOBAL HIGH YIELD BONDS

### Market News

The big shock was the NFPR (Non-Farm Pay Roll) miss; 266k versus expectations of 1m with revisions down on previous months. Treasuries rallied initially, and then bounced back to somewhat unchanged. This may well be a one off, but it does temper expectations of tapering at least for now.

### Flows/Company News/Activity

Investment Grade funds saw inflows of \$7.2bn, \$471m into High Yield.

We saw new issues from Golden Goose and TUI Cruises

### Derivatives

US Treasuries futures hedge -11%.

### Outlook

Treasuries remain stubbornly strong despite all of the strong data that we are seeing. We think that it is likely we will continue to trade in a range for high yield for now.
