MIRABAUD ASSET MANAGEMENT IS GRANTED THE SRI LABEL IN FRANCE FOR ITS EUROPEAN CONVERTIBLE BOND STRATEGY

Paris, 4 May 2021 – Mirabaud Asset Management announces that it has been awarded the SRI label in France for its Mirabaud – Convertible Bonds Europe Fund.

The SRI label was created and is supported by the French Ministry of Finance. It follows a set of rigorous criteria to demonstrate the systematic and measurable integration of extra-financial and ESG analysis in investments. This fund joins the Mirabaud – Sustainable Convertibles Global, and also its two Global Equity strategies (Mirabaud - Sustainable Global Focus and Mirabaud - Sustainable Global High Dividend) in having been awarded this SRI label.

Mirabaud Asset Management's European Convertible Bond strategy is a high conviction pure play strategy with a fully integrated ESG process. The team's dynamic approach actively focuses on delta to maximise convexity. ESG materiality is at the core of the team's approach as they look to understand what extra-financial risks and opportunities companies face, the potential financial impact and how a company may respond to these risks and seize opportunities. The convertible bond team at Mirabaud Asset Management is based in Paris and run over \$600m AUM across their European and Global products.

Hamid Amoura, Head of Responsible Investment at Mirabaud Asset Management said about the labelling, "Attaining this label reflects our continuous commitment across our product range to Responsible Investment and our ongoing efforts to strengthen Mirabaud Asset Management's positioning in terms of sustainability and responsibility."

Renaud Martin, co-head of Convertible Bonds at Mirabaud Asset Management comments, 'We are so pleased to be receiving this label for the fund in recognition of our robust ESG processes. As active, engaged managers, ESG issues have long been a part of who we are, and we believe, help us to build robust and successful portfolios for our clients.'
